

# 2009 NAVIGATION/MULTIMEDIA Receiver Firmware Update Guide

## Introduction

- This document describes the procedure and precautions for upgrading the 2009 NAVIGATION/MULTIMEDIA receiver firmware.
- If an error occurs while you are updating the firmware, the 2009 NAVIGATION/MULTIMEDIA receiver may become unusable. Be sure to read the following procedure and precautions carefully before updating the firmware.

## Target Models

This updater can be used to update the firmware of the following models.

Model Group B		Model Group C	
DDX6034	DNX7000EX	DDX8024BT	DNX9140
DDX6034M	DNX7140	DDX8034BT	DNX9240BT
DDX6054	DNX7240BT	DDX8034BTM	
DDX7034BT	DNX7340BT	DDX8054BT	
DDX7034BTM	DNX7340BTM	DDX814	
DDX714	DNX7540BT		

## Target Firmware

The unit will be upgraded to the following version by executing this updater:

Model Group B : Ver. 1.9.0

Model Group C : Ver. 1.9.0

If your unit's version is earlier than that of the above, carry out the updating procedure.

For the information on how to check the firmware version, refer to <Checking the Firmware Version> below.

## Checking the Firmware Version

Touch [⏪] > [⏩] > [Information] > [Software].

## Creating the Program Update Disc

1. Download the Updates from the Web site.
2. Decompress the downloaded file.
3. Burn the decompressed file onto a Disc Media.

## Updating the Program

1. Insert the Program Update Disc into disc slot.
2. Select STANDBY source.  
Press [SRC] button on the front panel >  
Touch [STANDBY] on Source Select screen.
  - If [STANDBY] is not appeared on Source Select screen, touch [V] or [A] to display it.
3. Display the Software Information screen and start updating.  
Touch [⏪] > [⏩] > [Information] > [Software].

- It takes about 25 minutes to complete the update.

4. Complete the update.

- After the screen above appeared, turn the power off by pressing the [SRC] button on the front panel for more than 1 second and press it again to turn the power back on.

5. Press the [▲] button on the front panel to eject the update disc.

## Precautions

- Use the Disc media as the update media. CD-R/RW or DVD-R/RW is recommended.
- Update cannot be performed with other media (USB memory device).
- Be sure to park the vehicle in a safe place before updating. Keep the engine running in order to prevent battery from running out.
- Do not turn off the engine or Navigation/Multimedia receiver power while updating. Update cannot be performed correctly and the Navigation/Multimedia receiver may become unusable.
